

# SAAF HAWA ABHIYAN

Signature Number: #12855

Date: December 02, 2025

TO:

**Hon'ble Prime Minister, Chief Minister & Leader of Opposition**

I am signing this because the air in Delhi has become a daily health threat for my family. The coughing, the burning throat, the breathlessness—these are now part of our lives. What makes it worse is that the AQI shown to us often does not match what we feel in our lungs.

**Please stop hiding the reality of our air. Please stop softening or manipulating AQI data.**

Give us the truth so we can protect our children and elders. Treat this as the health emergency it is. Delhi deserves honest data and real action. We want you to act.

**Clean air is my right. Please protect it.**

Sincerely,

SIGNED BY:
